**SEAFOOD SUPPLIER**  
INDONESIAN COMPANY

# *About the Company*

**Natana Marine Corp (NMC) is a company engaged in marine products. the company was established since 2017 and has produced the best products from Indonesia.**

**The company's initial standing produces some of the marine products obtained from fisherman and shipped to various cities in Indonesia and has several ponds scattered in several areas of Medan, Deli Serdang, and Aceh.**

**With the growth of the company and the increasing demand for seafood coming from home and abroad, the company also immediately clean up to improve the best seafood we have. Currently the company has been working with several companies in the country and abroad and continue to improve the best service for the progress of the company and also for Indonesia to become the largest marine producing country in the world.**
