SEAFOOD SUPPLIER

INDONESIAN COMPANY

01 / 30

HOW DO WE GET STARTED!

In 1999, We form a small group of local fisherman owned by family and we supply marine products to traditional market.

Since 2018 NMC are become Commanditaire Vennootschap (CV) Company with register number 02.13.3.40.03.1183 from Deli Serdang District Government.

Right now, NMC has become PT. Natana Marine Corp and become national trademark company in Indonesia.

A Glance of our Company

Natana Marine Corp (NMC) is a company engaged in marine products. the company was established since 2017 and has produced the best products from Indonesia.

The company's initial standing produces some of the marine products obtained from fisherman and shipped to various cities in Indonesia and has several ponds scattered in several areas of Medan, Deli Serdang, and Aceh.

With the growth of the company and the increasing demand for seafood coming from home and abroad, the company also immediately clean up to improve the best seafood we have. Currently the company has been working with several companies in the country and abroad and continue to improve the best service for the progress of the company and also for Indonesia to become the largest marine producing country in the world
